My name is Tim Freud, and I am a resident of South Bradford Street. I am writing to express my support for the pedestrian safety ordinance.

Our community deserves to feel safe moving through Dover. Too often, drivers are left feeling uneasy when stopped at red lights with pedestrians standing in medians, approaching vehicles, or stepping close to traffic. No one should be driving in fear, and no person should be inches from harm's way.

A safer roadway is the first step toward restoring confidence in our city. We want Dover to be cleaner, safer, and vibrant once more — a place where families feel comfortable, where residents take pride, and where people want to live, work, and visit.

This ordinance is an important measure to reduce dangerous conditions for both drivers and pedestrians. I strongly encourage you to support it for the wellbeing of our community.

Thank you,
Timothy Freud
South Bradford Street Resident
